

# CHOOSE PURE WATER TECHNOLOGY®

3 reasons to switch from 5-gallon bottles to the Pure Water Technology® blüV system:

## 1. CLEAN, PURE WATER

- **Multi-stage purification process** including UV disinfection removes 96% of total dissolved solids, organics (PCBs, chlorine, pharmaceuticals) and potentially harmful bacteria & viruses.
- **Stainless-steel holding tank** is auto-sanitized daily eliminating bacteria, viruses and odor — all of which can grow rapidly within 5-gallon bottle/traditional open-air delivery systems.
- **Continuous flow of cold and hot pure water** for all your employee needs.

## 2. EFFICIENCY & PRODUCTIVITY

- **Eliminate time wasted with bottled water coolers** — no more storing, spilling or lifting of 5-gallon bottles (42 lbs.) which keeps your employees safe and your workplace clean.
- **No more weekly or monthly disruption of the workplace** for deliveries of 5-gallon bottles.
- **Large dispense area and drip tray** is perfect for all size containers — keeping your workplace clean of spillage.

## 3. HEALTHY FOR EMPLOYEES & ENVIRONMENT

- **CleanContact™ anti-microbial touchpad** protects against cross-contamination of germs within your workplace.
- **GO GREEN!** blüV eliminates the carbon footprint of manufacturing and transporting of 5-gallon plastic bottles.
